12 MAY 1924 C. D. SECTION

Sir,

Adverting to memo No. 10408 dated 25th March 1924 from the Chief Engineer in mysore forwarding a copy of his letter No. B. 10407 of the same date addressed to the Executive Engineer Kadur Division in the matter of opening a road from Peetah to the Bangalow to be - constructed on the Bababudan Hills as a rest house, I have the honour to state that the subject was considered by the District Board at - their meeting held on the 9th ultimo.

In the circumstances of the case, the Board agreed to sanction the estimate of Rs. 1,500/- prepared by the Executive Engineer for the formation of the road and resolved that this amount might be placed at ~~my~~ his disposal out of its closing balance as there is no provision made for this work in the current year's budget.

As the Chief Engineer in his memo under advertance wanted the opening out of the road to the site of the proposed bungalow to be completed before the close of the current official year so as to enable the transhipment of building materials &c, required for the work, the estimate agreed to by the Board has been returned to the Executive Engineer duly countersigned so that the work may be taken on hand without delay.

In view of the urgency and importance of opening out this road, I beg to request that the approval of Government may kindly be obtained for the resolution of the Board to utilize Rs. 1,500/- out of the closing balance of the District Board
